**How has triton college impacted my life?**

Triton College made a lifelong impact on me in ways I still live by. Triton allowed me to attend a higher educational institute, and afforded me the opportunity to be a student-athlete by playing football and basketball. I exceeded my academic expectations at Triton College, because Triton gave the scholarly confidence and work ethics, thusly, I was named Who's Who among American Junior Colleges. Triton provided the solid foundation I needed to continue my educational and professional journey. Because of Triton College, I am the man, I am today.
