**Blackboard Directions**

The "Blackboard learn" server requires the last 8 digits of the student's Triton Student Photo ID number as the username, and the last four digits of the student's Social Security Number (SSN) as the password. If the SSN is not on file (or doesn't work), the password is the last 4 digits of the student's Colleague ID.

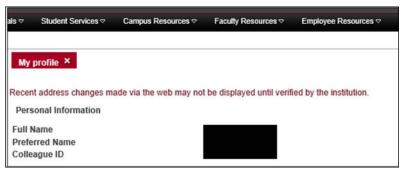

To view the photo ID number
Photo ID number can be found on the student portal under Quick Links -> Photo ID Look UP -> search by SSN or Colleague ID Number.
